

Eules CERT Radio Net Control Instructions

PREPARATIONS

Net starts at 7:00 p.m. on the 3rd Wednesday of the month on 442.900 + 110.9. 1. Print these instructions along with the log sheet. 2. Please keep the log sheet so the hours of training can be tracked. 3. Figure out the date for the next check in net and write down below. 4. Have a backup net control operator monitor incase primary is no longer able to conduct the net. This can be arranged ahead of time or by asking one of the members that checked in.

NET CONTROL ANNOUNCEMENT

Conduct a “radio check” approximately 15 minutes and 2 minutes BEFORE the start of the net to be sure that you can Tx/Rx adequately to proceed. Remember to ID every 10 min.

The Eules CERT Communications Team Net will begin in approximately 15 (2) minutes. This is **[call sign, first name]** your net control for the Eules CERT Communications Training Net.

NET CONTROL PREAMBLE

Calling the Eules CERT Communications Training Net.

Good evening, this is **[call sign, first name]** your net control for the Eules CERT Communications Training Net. (Pause for 5 seconds)

The purpose of this net is to provide ongoing training and practice for Eules CERT amateur radio operators in both radio operations and emergency communications. You do not need to be a member of Eules CERT to participate in this net, as visitors are always welcome. (Pause for 5 seconds)

This is a directed net - all stations are asked not to transmit unless requested by net control. The only exception is for Emergency Traffic.

Is there any Emergency or Priority Traffic at this time? (Pause for 10 seconds)

Hearing none , if at any time there is an Emergency or Priority Traffic, come into the net with “BREAK BREAK”. All other stations are asked to standby until the Emergency is resolved. (Pause for 10 seconds)
